EXPERIENCE

Web developer

Headway Vision

aug 2022 - Present, Mohali

• I am working as a web developer, I have worked individually as well as with team, I have completed two projects security website and company website. currently I'm working on company's main website.

PROJECTS

E Electronic Site

College Project • June 2023 - August 2023

- Developed website for an e-electronic site, featuring user-friendly navigation and custom-tailored shopping experience, resulting in an increase of online orders by 78%.
- I designed the frontend for the website using React.js, CSS and js.
- I integrate the payment method using strapi.

Krono Security

Headway vision • <https://kronosprotection.com/> • July 2023 - July 2023 • I used React.js and CSS to create this website and submitted it on time.

- Node Js used for backend and rebase for storage.
- I used HTML for manage the content in webpage and CSS to design the page.

Room Renting Website

College Project • <https://room-marketplace.netlify.app/> • February 2023 - May 2023 • Developed the website to help user to find room in remote areas.

- Technology used to create this website :- React.js, Node Js, MongoDB, Firebase.
- React.js used for front end, Node For Backend and rebase for database storage and user authentication.
